Report on Field Trip To India Meteorological Department, Shillong

The Disaster Management Cell of Mawsynram Border Area College organized a field trip to India Meteorological department, Shillong on the 27th July,2022 as part of motivation and to get a better knowledge on seismology. There were 24 students along with two teachers who went to the field trip, out of which 13 were females and 11 were males.

In this field trip, the students along with the teachers visited the Department of Seismology where they were given a chance to see the seismograph an instrument needed to see when an earthquake is about to happen.They also got a chance to see the Rain – Gauge,an instrument used for collecting and calculating rainfall.
