In the academic year 2022-2023 two meetings have been held and the HOD of the department chaired the meeting every faculty member shared their views and opinion and there is an equal distribution of syllabus, assignments and internal tests among the faculty members.

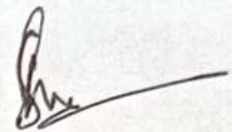

The commencement of classes after winter vacation for the even semester is on 1st March 2022. The first internal test for the even semester is on 28th -31st March 2022 and the second internal test is on the 18th-22nd April 2022. The commencement of the even semester exams is on 23rd May-15th June 2022. Classes reopen for the odd semester is on 18th July 2022. Introductory session for the 1st was also organised by the college on the 28-29th July 2022 in this programme the teachers from the department briefed about the subject and there is an interaction between the teacher and the students. The first internal test is on the 12th -16th September 2022 and the second internal test is on the 17th -20th October 2022 and the commencement of the examination for the odd semester is on 18th November-15th December 2022. The college reopens after the winter vacation for the even semester is on 6th Feb 2022.

With the raising of new technology, the faculty members of the department were able to make classroom teachings more lively and more interesting by taking ICT classes. A total number of 4 ICT classes have already been taken by the teachers in the department.

The department in this year have arranged a mentor mentee classes for the students within the department. The teachers play the role of a mentor and the students are the mentees. Equal distributions of the mentees to all the faculty members. Mentor mentee classes were arranged mainly to help the students who have a problem in their studies, personal, low attendance etc. A total of 3 mentor mentee classes have already been taken within the department.

The department organise a paper presentation within the department for the six semester students on the 9th november 2022 on the college hall at 1.pm . The topic for the paper presentation is on "**LIKERT ATTITUDE SCALE**".Students were divided into two groups.It had helped the students to build their confidence.

The department give thanks to the almighty God for giving all the faculty members the strength and the knowledge to teached the students and also hope that we will always continue to share our love and responsibility within the department. The department will also try to organised more programme for the students in the upcoming year.

REPORT OF THE DEPARTMENT OF EDUCATION ON MENTOR MENTEE
CLASSES 2022

Mentor play a very important role in bringing about an all round development in the personality of a child. Children face many challenges in their day to day life so the department had decided in the meeting to help the students by forming a group of Mentor-Mentees for the odd semester students . A total of 156 students from all the semester had been divided equally to all the faculty members, three mentor mentees groups had been formed and the ratio of each teacher is 1:52. Miss D.M is mentoring the 5th semester and half of the 3rd semester and Miss R.H is mentoring half of the 1st and the 3rd semester students.

Three mentor mentee classes had already been taken by the faculty member from the department and the students shared their problems regarding academic .Students are also informed their attendance are important and irregular students need to write a leave application to HOD of the department. Hope that the department will continue to share the love and also to help their students in best possible ways.
